parents, and documenting our progress to share with community partners. Below, you will find project documents outlining what are seeking to achieve with this initiative and how we plan to accomplish it.

- [Compton Community Survey](#) *Findings from a survey of Compton parents* In January 2020, PBS SoCal reached out to families in the City of Compton and asked them to share their views on the level of support local organizations provide in children's math learning.
- [Designing Family Math](#) *Recommendations for co-designing a Family Math curriculum with parents* PBS SoCal worked with the Early Learning Lab to explore the needs of parents and caregivers to support their young children in math. The result was a report with design principles and curriculum recommendations revealed by the families we seek to serve.
- [Diseñando Matemática Familiar](#) (Spanish version of **Designing Family Math**) *Recomendaciones para co-diseñar un plan de estudios de Matemática Familiar con padres*
